COURTCONNECT

What is CourtConnect?

CourtConnect is the online public access portal to case information for courts using Contexte. The public can find cases by searching for a party name or by entering the case number. There is also an Internal CourtConnect version for court use that requires a login and password. CourtConnect provides access to basic case information such as filings, parties, and events. Some courts are also providing access to court documents through CourtConnect.

How do I use CourtConnect?

- You may access public CourtConnect [1] at http://caseinfo.aoc.arkansas.gov
- Select the type of search - person name, judgments, or display case information.
- Enter the search criteria.
- Having trouble? View the CourtConnect help page [2].

How do I get my court on CourtConnect?

- To be available on CourtConnect, a court must first be using the Contexte Case

Management System.
- After a court goes live on Contexte, the court must notify the AOC that it wishes to make its public information available on CourtConnect.

Why can't I see the documents for a court?

- Contexte does not include the actual images of the filed documents, but it can "link" to a court's document management system.
- In order for images to be available on CourtConnect, the court must have a publicly accessible document management system.
- Courts must work with their document management system vendor to make the documents accessible to the public.

Who should I contact if I have other questions?

- For questions about CourtConnect, you may contact the Administrative Office of the Courts at 501-410-1900 opt 1.
- For questions about a specific case, please contact the court where the case is filed:
